These resources and services provide examiners with access to critical prior art. Most of the electronic resources listed on this page are accessed via the Internet. **Please obey USPTO "Rules of the Road (PDF Text)" when using Internet resources.**

indicates tools featured in TC's NPL training.

#### Information Resources

#### Information Resources by Class and Subclass

##### Databases

[ACM Digital Library](#)
[Business Source Corporate \(Corporate Resource Net\)](#)
*(Multidisciplinary subject coverage)*
[Dialog Classic on the Web](#) (training and password required)

[DTIC STINET](#)
*(Citations of Defense Technical Information Center scientific and technical documents)*
[Examiners' Electronic Digest Database \(EEDD\)](#)
*(Database of examiner submitted NPL)*

[IEEEExplore](#)
*(Full page images of over 800,000 Electrical & Electronic Engineering articles, papers and standards, 1988 - present. Select content is available from 1952-1987.)*
[INSPEC](#)
*(Seven million well-indexed physics, EE, and IT abstracts, 1969-present)*
[JSTOR](#)
*(Archive of business and general science journals)*
[MEDLINE/MeSH](#) (via EBSCO)

*(Information on medicine, nursing, dentistry, veterinary medicine, and much more)*
[NTIS \(National Technical Information Service\)](#)
*(Resource for government-funded scientific, technical, engineering, and business related information)*
[ProQuest Direct](#)
*(Multidisciplinary subject coverage)*
[Readers' Guide to Periodical Literature](#)
*(Citations to popular multidisciplinary magazines)*
[Research Disclosure](#)
*(Published monthly as a paper journal and now as an online database product with advanced full text searching capabilities for defensive disclosure information.)*

SID (Society for Information Display) Publications Database

*(Contents in following titles can be searched by natural language and Boolean search:*

1. *Advanced Display Technologies 1997, 1998, 1999 (no 2000 or 2001)*
2. *ASID 2000*
3. *Color Imaging Conference 1997, 1998, 1999, 2001 (no 2000)*
4. *IDMC 2000, 2001*
5. *IDRC 1998, 2000, 2001 (no 1999)*
6. *IDW 1999, 2000, 2001*
7. *Microdisplay 2000, 2001*
8. *SID Symposium Digest of Technical Papers 1995, 1996, 1998 - 2001 (no 1997)*
9. *Vehicle Displays 1999 - 2001)*

Software Patent Institute (SPI) (Select "Free Access")

*(Searchable database of Software Technologies.)*

SPIE (The International Society for Optical Engineering) Digital Library

*(journals and proceedings on optics and photonics)*

STN on the Web (training and password required)

*(The other link is via the Patent Examiner's Toolkit. On your computer, click on the START button, then on the PE Toolkit, then on STN Express.)*

True Query

*(A resurrected version of the old "Computer Select" database, providing full text access to over 100 technology focused publications, a glossary of technical terms, product reviews and over 60,000 product specifications from 1999 to the present. If html code appears on your screen, click browser's "Reload" or "Refresh" button.)*

**Books and Journals**Search STIC Online CatalogInfoSECURITYnetBASE

*(information security)*

Knovel

*(applied science and engineering)*

National Academies PressNetLibrary.com

*(multidisciplinary subject coverage)*

Safari Online Books

*(computer and information technology)*

ScienceDirect

*(scientific, technical, and medical journals)*

**CD-ROM Resources**

Contains older full text NPL resources in CD-ROM format that are not otherwise electronically available.

**Equipment**

CD Recorder

Color Printer

Computer

*- stand alone, with Windows 98 and a 5 1/4 floppy drive*

FAX (305-5443)

Optical Scanners

*- use OmniPage Pro software to scan your documents.*

Photocopier

Videotape Viewer

*- located in PK2, 3C03*

**Reference Tools**Allwords

Computer References*(Dictionaries, Acronyms Finders, Encyclopedias)*Computer Vision HandbookEfunda*(30,000 pages of engineering fundamentals and calculators)*Encyclopedia of Imaging Science and TechnologyEncyclopedia of Software EngineeringEric Weisstein's World of Mathematics*(A comprehensive online encyclopedia of mathematics.)*Glossaries*(1682 glossaries indexed by topic)*HowStuffWorks*(Search a term to find articles that explain how it works.)*List of Links to Dictionaries in Telecommunications, IT and MultiMedia Fields*(a list of dictionaries A-Z in telecommunications, IT and multimedia)*Microsoft Press Computer Dictionary (4th edition update)PCWebopediaReference Manual for Telecommunications EngineeringRoget's Thesaurus (3rd edition)Telecommunications Dictionary (GSMjobs.com)Telecommunications Terminology GlossaryTelevision and Telecommunications DictionaryWiley Encyclopedia of Electrical and Electronics Engineering*(24-volume, 19,000-page reference work)*Yourdictionary.com**Services**EIC2600 StaffForeign Patent ServicesPLUSRequest a Book/Journal PurchaseRequest a Book or ArticleRequest a Foreign Patent Publication[e-submit] [Printable form]Request a Prior Art SearchSTIC Online CatalogTranslation Services**Web Resources**A Brief History of the Hard Disk DriveAssociation for Computational Linguistics*(The international scientific and professional society for people working on problems involving natural language and computation.)*⇒ CiteSeer (ResearchIndex)*(Full text scientific research papers - in pdf and postscript formats.)*⇒ Google search engineInternet Engineering Task Force*(The IETF Secretariat, run by The Corporation for National Research Initiatives with funding from the US government, maintains an index of Internet-Drafts.)*IP.com*(Defensive disclosures published to the Disclosures IP.com database from various websites)*Journal of the Acoustical Society of AmericaNanotechnologyRequests for Comments (RFCs) DatabaseScirusTEOMA⇒ The Wayback Machine
